## Finance Basics for Managers

Many of the important decisions that an organization makes depend on its current and future financial health. Every manager needs a working knowledge of finance and accounting principles to understand and contribute effectively to the organization's decision-making and management processes.

careLearning now offers **Finance Basics for Managers**. This course explains the basics of finance in simple, understandable terms and includes education on understanding financial information, the balance sheet, the income statement, statement of cash flows, analyzing financial information, return on investment, using financial information, budgeting, and managing for profitability.

The cost is \$20 per person which includes access for one year from date of registration. For more information about the course, including a description, go to [www.carelearning.com](http://www.carelearning.com) and click on the Course Catalog. Click on "Leadership/Management" and scroll to the desired course. Please contact careLearning Technical Support (866-617-3904 or [support@carelearning.com](mailto:support@carelearning.com)) for a 30-day free trial. Quantity discounts are available.

## careLearning Webinars

careLearning webinars are a cost-effective way to provide education to your employees. Webinars are interactive presentations that use the Internet and telephone conferencing lines. Organizations pay only one fee "per telephone line". For more information or to register, go to [www.carelearning.com](http://www.carelearning.com) and click "webinars".
