It is that simple. Participants are encouraged to log in 15 minutes prior to the start of the program.*

Target Audience:

Health information directors and outpatient coders, business office directors and outpatient billers, compliance officers, CFO's, chargemaster managers and other interested hospital personnel

CPT Coding – 2 Part Series

Part 1: Overview and Surgery Changes – February 10, 2010

Part 2: E&M, Radiology, Path/Lab and Medicine Changes – February 17, 2010

Overview

This two part-webinar gives an overview of the procedural coding changes for 2010. Follow along in your new code book as we discuss the changes and how they will impact your facility or practice this year.

ICD-10-CM and ICD 10-PCS Overview

March 17, 2010

Overview

The government has published a final date of October 1, 2013 for implementation of ICD-10-CM and ICD-10-PCS. This webinar will give you an introduction into these new coding systems and will assist you in preparing for training and other necessary items to assure your facility is ready for the changes. This is at a high level for administration, finance, HIM and coding professionals. No prior coding experience is required.

Information and materials conveyed at programs are provided by the speakers and do not constitute the advise or opinion of IHREF or IHA. Specific legal or other professional assistance should be obtained before relying on information conveyed to general audiences.
